DS-80

DYE-SUBLIMATION PHOTO PRINTER

Fotolusio revolutionizes dye sublimation printing with DS80 Series printers. DS80 Series Printers are high-speed, high-quality photo printers for use in photo labs, photo kiosks, by professional photographers, or in other commercial applications. Wherever you need it, you can bring your DS80.

Thanks to its advanced heat control and print-head, the DS80 dye-sublimation printer produces 20x10 (8x4") to 20x30 (8x12") high-quality photos with smooth gradation.

INNOVATION

- Mobility: compact, lightweight and easy to transport.
- High-speed: prints a 20x30 (8x12") photo in 35 seconds (more than 60 20x30 prints/hour).
- Simplicity: easy-to-use all front access.
- The weight and the height of the DS80 are only half of previously available models.

QUALITY

- Consumables are produced and manufactured by DNP, the world's largest supplier of dye-sublimation media.
- The DS80 is equipped with an exclusive system that protects paper from any dust exposure during printing.
- The paper is UV and liquid resistant.
- The DS80 meets CE conformity standards.

FLEXIBILITY

- Multi-size: 6 print formats from 20x10 (8x4") to 20x30 (8x12").
- Flexible configuration: possible connection between several DS40 and/or DS80 printers.
- Photo Finishing: glossy or matte.
- Operating systems: Mac and Windows.

The exterior dimensions of DS40 and DS80 are the same and their front opening mechanism allows multiple stacking. By connecting together 4 DS80 you can print a 10x15 (4x6") photo every 2.5 seconds. By combining DS40 and DS80 you can also produce 10 different print sizes.

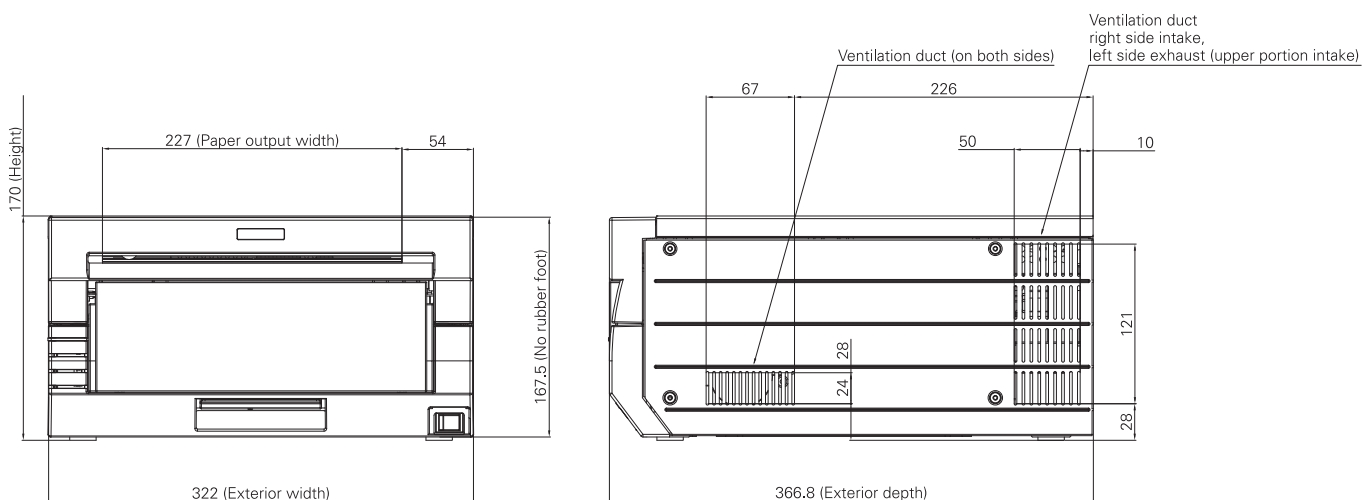

DNP, the world's largest supplier of dye-sublimation media, signs with Fotolusio a comprehensive line of innovative solutions: minilabs, printing kiosks, professional photo printers, countertops and software. Catch the newest opportunities in the photo printing business with Fotolusio.

Specifications

Model		DS80	
Print method		Dye sublimation heat transfer method	
Print mode		High-speed mod	High-resolution mode
Resolution		300X300dpi	300X600dpi
Print size	L	8x4"	203x102mm
	PC	8x5"	203x127mm
	2L	8x6"	203x152mm
	A5	8x8"	203x203mm
	A5 wide	8x10"	203x254mm
			8x12"
<i>(203x297mm also possible)</i>			
Print number			
	A5 wide	8x10"	130 sheets
		8x12"	110 sheets
Print speed			
	A5 wide	8x10"	30,2 sec./sheet
		8x12"	40,2 sec./sheet
			35,2 sec./sheet
			46,2 sec./sheet
Photo finish		Glossy or Matte	
Ribbon finish		YMC + OVERCOAT	
Interface		USB 2.0 (maximum 480Mbps)	
Buffer size		For two images	
Driver	Windows	Windows XP, Windows 2000, Windows Vista, Windows 7, Windows vista 64 bits, Windows 7 64 bits	
	Mac	MAC 10.5.x (Tiger) , 10.6.x(snow leopard)	
Compliance/regulatory		CE	
Paper load		Semi-automatic	
External dimensions		322 W x 366 D x 170 H	
Weight (excluding accessories and media)		Approx. 14 Kg	
Power supply		AC 100V~240V – 50/60Hz	
Power consumption (when printing)		100V 3,96A – 240V 1,69A	
Accessories		Power supply cord
